

WELCOME

On behalf of Red Bud Regional and our affiliates, I invite you to learn about the community that we serve and how your services will play a vital role in our health care needs. This Welcome Packet includes information to help you determine if Red Bud Regional aligns with the future you envision for yourself and your family.

Red Bud is known as a Hallmark town for its quaint shops and historic brick buildings. The sidewalks, parks, and sports fields are bustling with activity year-round. With nearly 7,000 residents, Red Bud is large enough to offer an array of activity, while being small enough to foster a safe environment with a low crime rate.

Neighboring towns include Waterloo, located 15 minutes north of Red Bud. It has 16,000 residents and is also a treasured place for singles, couples, and families who prefer to live in a rural town while maintaining easy access to St. Louis, Missouri.

As an employer, Red Bud Regional's mission is to provide safe, compassionate care. Our medical staff is a key driver in building a culture centered on safety and quality. This foundation ensures that we are providing our community with convenient and quality service that they have come to know from our team.

Red Bud Regional is an acute care, critical access hospital offering medical and surgical services, emergency care, outpatient services, specialty clinics and physician practices.

I welcome you to join Red Bud Regional's mission and become a valuable resource for the Red Bud community. Please don't hesitate to contact us to learn more about our hospital and its services. Thank you.

Sincerely,

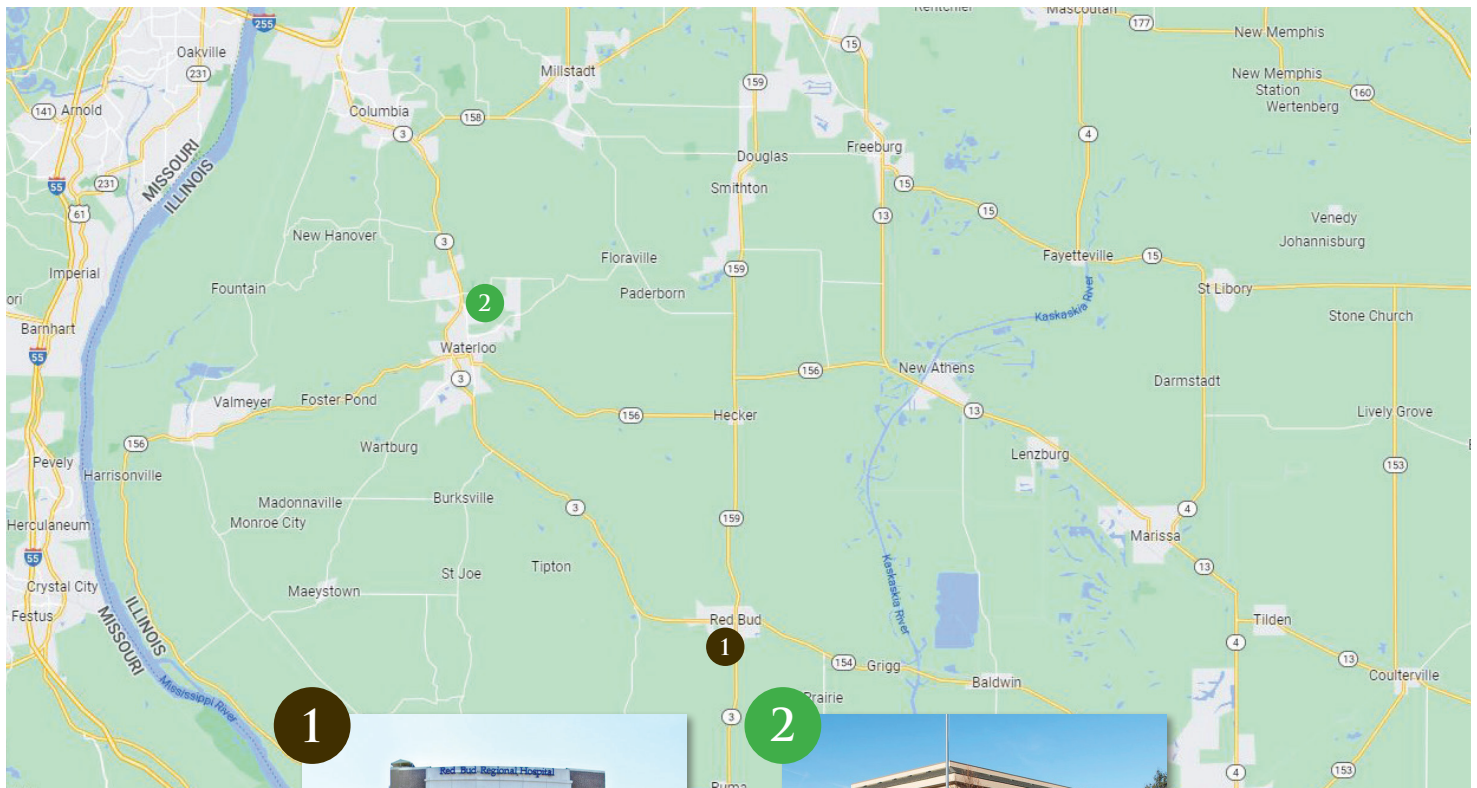

JENNIFER GREGSON, CAO

Office: 618-282-5107
